BALLOT FOR THE ELECTION OF THREE PARENT GOVERNORS

THE PERSONAL STATEMENT OF Alan BLAIR

PERSONAL STATEMENT to include why you are interested in becoming a Parent Governor and what you can bring to the role (NB this should be in a maximum of 100 words).

Dear Parents. I have two children at St Mary's and I am a Consultant Psychologist and Clinical Director in a Derbyshire NHS organisation. I want to use my interest and expertise in psychological well-being and how to achieve the very best to assist the two most important assets we have at St Mary's; namely our children and our school staff. Being semi-retired, I have some time to dedicate to the Governor role and I want to represent parents in constructively supporting and challenging our school to continue to thrive. Thank you for reading this statement and considering voting for me.

I bring an honest and hard-working approach to my work, it is the same attitude I would bring to this important role. I would look to work with parents, teachers, the Head and other Governors to help drive the continued improvement needed to provide our children with the best chance of success. My experience as a Warehouse Operations Manager would be ideal in a world for which quick, assertive and cost efficient decisions are need to be made. My children's future is important therefore a difference in the education, of not just my son, but the school as a whole.

As a solicitor with Chesterfield Borough Council I have experience and transferrable skills which will benefit the school, not least advice to aspiring lawyers.

All three of my children are at the school, the eldest almost finished and the youngest just starting out. As a family, we are so grateful for the school and I welcome the opportunity to give a little back and support the school community.

7 years gives me an appreciation of the school's methods and values with time yet to put this to good use.

I want the best education for every pupil at St Mary's Catholic High School, in a caring environment where every child can achieve their full potential.

I have 20 years experience as a clinician in the NHS and hold the position with Health Education England of Associate Dental Dean for Regional Trainee Support. My role has particular emphasis on pastoral care, trainee/educator wellbeing and digital technology.

I am an enthusiastic, committed, highly motivated individual. I would relish the opportunity to make a positive difference to the education of all pupils and help shape the strategic vision of the school.
